## KEYNOTE SPEAKER

Ada Tai - HR Consultant, BadaB Consulting

*Do you have employees and students from different cultures, age groups and backgrounds? Want your employees and students to talk about their college as the "best" and say that they "love to come to work / study"? Wouldn't it be great if your employee or student referrals were so good that they came to you automatically? In this session, Ada will be presenting ideas on how to create a climate of belonging and inclusion for staff and students.*

*Ada Tai, MBA, CPHR, C. Mgr., has gained extensive HR experience from working in a variety of organizations for 10 years. Through BadaB Consulting, she provides HR consulting, corporate training, and personal career planning coaching. Ada also teaches at MacEwan University, University of Alberta and Metro Continuing Education.*
